Date, August 2, 2023

Dear Forest Supervisor Brooke and District Ranger Holman,

The Oregon Central Coast Forest Collaborative (OCCFC/Collaborative) wishes to express its appreciation for the U.S. Forest Service's (USFS) increased efforts to communicate and interact with the Collaborative this year. The Collaborative specifically appreciates USFS's thoughtful responses to requests for additional spatial and tabular data provided on the North Fork Smith project on the Siuslaw National Forest, organizing and staffing field tours tailored to the Collaborative's interests, and investing time and agency resources to general communications and interactions with the Collaborative and its members.

The support you have provided the Collaborative is, and will continue to be, essential for future effective and productive communication and collaboration between the USFS and OCCFC.

Thank you for this support, we look forward to continuing our important work together and fostering a spirit of collaboration on the Siuslaw National Forest.

Sincerely,

The Oregon Central Coast Forest Collaborative
